FAQ

In case you had concerns, here are some frequently asked questions and answers to clear things up.

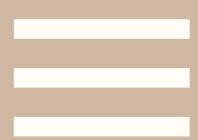

IS THE TAP WATER SAFE TO DRINK?

The tap water in Valencia can generally be drunk, but does not taste very good. We therefore recommend buying mineral water in the supermarket.

WHERE CAN I PARK MY CAR?

The entrance via car lift is on the south side of the building. To call the lift, insert the key for the main entrance into the lock on the left side of the lift door and turn clockwise as far as it will go, then turn the key back. Then press the floor button for the underground garage. As soon as the lift gate opens, you can drive to the parking space. You may only use the parking space with the same number as your apartment. You can only get into the house from the underground car park by passenger lift. Follow the signs to "ascensor". Insert the house key into the keyhole on the lift, turn it clockwise as far as it will go and the lift will descend.

To get from the building into the underground car park, insert the key in the lift into the keyhole below the floor key bar and turn it clockwise as far as it will go.

PARKING SPOT FOR YOUR RENTAL BIKES?

HEAD TO THE GARAGE!" 🚲

We're glad to see you're exploring the area on two wheels! Just a friendly reminder:

Please avoid parking rental bikes inside the apartment, in the hallway, or in the lobby. These places aren't the best fit for your trusty rides. 😊

Instead, feel free to park them safely at our private parking spot in the garage – it's the perfect spot for them! 🚲 You'll find instructions on how to access the garage in the FAQs under "Where can I park my car?". It's super easy, don't worry!

Enjoy your ride, and thanks for parking your bikes where they belong! 😊

FRUITS AND VEGETABLES

You can get really tasty fruit and vegetables at a reasonable price in small **"frutas y verduras"** shops. You can't keep the fruit from there for days, but it's really ripe, has a great flavour and is very cheap compared to the supermarket

PUBLIC TRANSPORTATION TICKETS

Most useful tickets for someone visiting or even living in Valencia, but who doesn't use public transport on a daily basis:

- **Single ticket** - €1.50 per journey within zone A and €4.80 for going to the airport (there are no discounts for round trip tickets) - EMTicket - journeys without restriction for 1 hour after activation of the ticket. for your whole party.

FAQ

In case you had concerns, here are some frequently asked questions and answers to clear things up.

- **SUMA 10** – €0.80 per journey within zone A. (In Zone A you will find all the most important things to see. The airport is in zone C) This is a multi-ticket rechargeable card. The minimum top-up amount is €8. It is zone specific – once you top it up, is valid only for use within that particular zone. So you can use the entire Valencia public transport (metro, bus, tram) with ONE CARD but only in ONE chosen ZONE. No metro to the place, where the flat is, so you need SUMA 10.
- **TuiN card** – €0.80 per journey within zone A and €2 for going to the airport. This is a multi-ticket rechargeable card. The minimum top-up amount is €5. It can only be used on the MetroValencia network (metro and tram). The biggest advantage of this card is that it can be used in multiple zones. it's a lot cheaper than buying single tickets..

Important: SUMA 10 & TuiN cards can be used for groups of up to 15 people so purchase one card for your whole party traveling together.

Tip: If you have several travel cards, remember to use the same one to validate on your way in and out

FAQ

In case you had concerns, here are some frequently asked questions and answers to clear things up.

WHERE TO BUY YOUR PUBLIC TRANSPORT TICKET

- INDIVIDUAL TRIP/EMTicket - You can buy the single ticket on the bus when boarding by paying the driver or via the **EMTicket application** via your mobile phone.
- SUMA/TuiN cards: Tobacconists kiosks. The nearest place to buy tickets is the tobacconist/kiosk 7 minuts walk away at [Avinguda de la Malva-Rosa, 123, 46011 Valencia](#)

VALENCIA TOURIST CARD

- It is not transferable
- unlimited travels incl. transfers for 24 hrs (15 €), 48 hrs (20 €) or 72 hrs (25 €)
- entry to many tourist attractions
- available at the various Tourist Info offices (Calle de la Paz, Ayuntamiento (City Hall), Joaquim Sorolla train station, airport), official kiosks & on the [internet](#)

TIP: Order the VTCard online in advance via **[getyourguide](#)** and pick it up easily at the airport

FAQ

In case you had concerns, here are some frequently asked questions and answers to clear things up.

HOW TO VALIDATE YOUR PUBLIC TRANSPORT TICKET IN VALENCIA

Validate your ticket before getting on the metro/tram. You might also have to tap your ticket on the way out.

Validating your ticket on the way in:

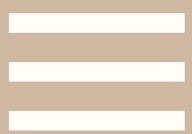

Underground stations in the city center usually have full-panel ticket gates. To open the gates, tap your ticket or transport card on the red circle.

Most tram stops in Valencia, as well as some above-ground metro stations (often on the outskirts of the city), have free access to the platforms. Here too, you'll have to tap your card on the red circle before getting on the metro or tram.

Tapping your ticket on the way out: On your way out you'll also have to tap your ticket. There are some exceptions. When using the **metro**: always tap your ticket on your way out, whether there's a turnstile gate or not, to avoid being overcharged. When using the **tram**: if there's no turnstile gate, you don't need to validate your travel card when you get off, since all tram stops are in zone A. But, if there is a turnstile gate, you have to validate your ticket for the gates to open.

FAQ

In case you had concerns, here are some frequently asked questions and answers to clear things up.

TIP (SPANISH: PROPINA)

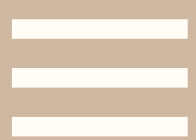

Tipping in Spain is optional, recommended for outstanding service. For tourist activities like room service in hotels or city tours, a small tip is advisable. In restaurants, 5-10% of the bill is common, but no fixed standard, allowing you to decide the appropriate amount.

A quick guide to tipping in Spain:

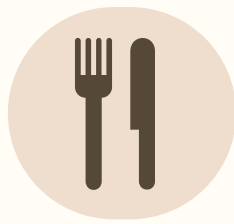

- Signal you want to pay using phrases like 'Me cobras?' or 'La cuenta, por favor.'
- Pay in cash or by card, receiving change if needed.
- Leave a 5-10% in coins on a plate, table, or directly in the waiter's/barman's hand.

When paying by card, you can often add a tip. Inform the waiter before paying, allowing adjustment. Some places may not allow this, charging the exact invoice amount. Note: In larger establishments, card tips may go to the owner, not waitstaff.

Industry	How much?
Restaurant	0-10 %
Bar & Café	0-10 %
Hotel	approx. 1 € per day per person
Guide	Depending on satisfaction, approx. 1-5 € per day
City guide	Some coins/10-15 € for free tour
Taxi driver	0-round up
other. Services	0-10 % (depending on service>)
Clubs & Discos	/
other. Transport	round up (depending on type of tour)

CITY BUS TOUR

HOW TO GET TO ALBUFERA

- with the city bus: You can take lines 24 and 25 of the EMT city buses from the center of Valencia to El Palmar and El Perellonet in less than an hour and for only €1.50 each way. You can get off at the Embarcadero or El Palmar stops and enjoy a traditional boat trip on L'Albufera Lake.
- With valenciabusturistic.com: Another way to enjoy the journey to the Albufera Natural Park is with the Albufera Bus Turístic. In addition, this visit includes a boat trip.

FAQ

In case you had concerns, here are some frequently asked questions and answers to clear things up.

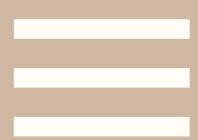

AIRPORT- ARRIVAL TO ACCOMMODATION WITH PUBLIC TRANSPORT

At Airport metro stop buy tickets (ticket machines or counter). You need 2 tickets:

- a separate ticket for the metro:
 - 1st option: Single ticket (€4.80 + 1 € for the card, which is rechargeable) or return journey (€9.60 + 1€ for the card)
 - 2nd option (cheaper): TuiN Card AB+ (one way=2 €; return 4 €, + 1 € for the card; min. charge is 5 €) - TuiN is ONLY FOR METRO but TuiN AB+ is valid for all Zones
- and a bus ticket:
 - either you pay the bus driver €1.5 for one trip
 - or (if you want to use the bus, metro and tram more often) buy SUMA 10, charge it with 10 journeys - then one journey with the bus costs you 0,80 €. - SUMA card is valid on ALL PUBLIC TRANSPORT (metro, tram, bus, local trains) BUT ONLY IN ONE ZONE. Zone A is normally enough)

A ticket costs €1.00 extra (paper card) or (cardboard) or €2.00 (plastic card). The card is rechargeable (also paper card) and reusable.

You can use SUMA/TuiN as a group: traveling with 3 or more people to and from the airport is cheaper than with single tickets.

LITTLE CRITTERS: JUST PART OF THE MEDITERRANEAN CHARM

Just a little heads-up:

As is common around the Mediterranean, ants and cockroaches occasionally drop by, just like flies. 🪳 But no worries, we take great care in keeping our home pest-free.

If one of these little critters does wander inside, it's not a big deal and certainly doesn't reflect the cleanliness of the apartment. 😎 We've provided some insect remedies under the kitchen sink, just in case. 💊 And of course, feel free to contact us if you need any help.

Enjoy your time and soak up the sunshine! ☀️
